

Intuitive small format scanning

FUJITSU Image Scanner fi-65F

The ultra compact fi-65F from Fujitsu has been especially designed for easy and quick scanning of single, small format documents. With impressive convenience the fi-65F redefines small document scanning within customer facing environments.

- **Efficient.** Scan A6 black and white documents in 1 second, colour documents in 1.7 seconds at 200 dpi
- **Compact.** Small size and flexible usage for hassle free and instant digitisation
- **Adaptive.** Can be optionally powered by USB for further flexibility
- **Bundled.** PaperStream IP and PaperStream Capture for high performance and automatic image enhancement

Suits a wide range of applications

The fi-65F is widely suited to a large range of applications particularly those where fast and speedy scanning of personal documents such as a prescription, passport, driving license or identification card is required. This could typically be within a doctor's surgery, financial institution, airport, hotel, embassy, government office, company reception or police station.

High speed scanning

The fi-65F is able to scan an A6 sized greyscale or black and white document (200 / 300 dpi) in one second, or in colour in just 1.7 seconds at 200 dpi. Coupled with an impressively quick start up time, this means that where scanning is done in customer facing environments there is very little delay in processing times.

Compact size, USB powered

The fi-65F is the smallest scanner in its class with a footprint of just 14.5 x 23.4 cm and can be comfortably installed when space is at a premium. Should access to a mains power supply be limited then the scanner can be optionally powered by USB with similar scanning speeds (just 2 seconds for an A6 colour or black and white document at 200 dpi).

Ease of operation and convenience

The operability of the fi-65F is further enhanced with a scan button that can immediately initiate the scan process to pre-defined settings.

Additionally scanning can be done with or without the easily removable cover meaning that a document could be placed on the glass surface, scan button pressed and scanned image stored all in a matter of seconds without any unnecessary effort.

fi-65F

shaping tomorrow with you

FUJITSU

Fujitsu best-in-class scanner driver and document capturing software

PaperStream IP

Scanner driver for high-quality image enhancement

- TWAIN and ISIS compliant scanner driver
- Industry leading integrated image enhancement capabilities
- Patch code and barcode recognition
- Pre-defined and custom scanning profiles for routine tasks
- Supports the user when needed with visual guidance through "Assisted Scan"
- Auto cropping, auto deskew, auto colour detecting, auto blank page detection and deletion

PaperStream Capture

Efficient, high-quality front-end capture solution

- One-stop batch scanning application that simplifies and accelerates the routine task of document capture through its 'One Click Capture' concept
- High-speed, high volume scanning with real-time image display, bar code detection and indexing
- PaperStream IP is an integral part of PaperStream Capture and ensures high-quality images
- Scan-verify-index-release in a single, streamlined routine that every user can easily perform
- Supports ad hoc scanning requirements for exception handling through "Assisted Scan" and, where required, instantly changing settings

Specifications

| Model | fi-65F | |
|--|---|---|
| Supported operating systems | See http://emea.fujitsu.com/fiscannerfaqs/ for further information | |
| Scanner type | Flatbed | |
| Scanning modes | Simplex, Colour / Greyscale / Mono | |
| Image sensor type | Colour CIS (Contact Image Sensor) (CMOS CIS) | |
| Light source | RGB LED (variable light source) | |
| Document size | Maximum: A6 (105 x 148 mm) | |
| Scanning speed with AC Adapter | Colour | 1.7 seconds (200 dpi) |
| (A6 Portrait) ¹ | Greyscale / Mono | 1 second (200 / 300 dpi) |
| Scanning speed USB powered ² | Colour | 2 seconds (200 dpi) |
| (A6 Portrait) ¹ | Greyscale / Mono | 2 seconds (200 / 300 dpi) |
| Background colours | Black | |
| Optical resolution | 600 dpi | |
| Output resolution | Colour / Greyscale / Mono | 50 to 600 dpi (adjustable by 1 dpi increments) |
| Output format | Colour: 24 bit, Greyscale: 8 bit, Mono: 1 bit | |
| AD converter | 65,536 levels (16 bit) | |
| Interface / Connector shape | USB 2.0 / USB 1.1 / B type | |
| Power requirements | AC 100 to 240 V ±10% | |
| Power consumption | AC Adapter | Operating mode: 8W or less / Sleep mode: Less than 2W or less / Auto standby (off) mode: 0.5W or less |
| | USB powered | Operating mode: 5W or less / Sleep mode: Less than 2W or less / Auto standby (off) mode: 0.5W or less |
| Operating environment | Temperature: 5 to 35°C / Relative humidity: 20 to 80% (Non-condensing) | |
| Dimensions (W x D x H) / Weight | 145 x 234 x 40 mm (when closed) / 0.9 kg | |
| Included software / drivers | PaperStream IP (TWAIN / ISIS) driver, PaperStream Capture, Software operation panel | |
| Environmental compliance | ENERGY STAR® and RoHS | |
| Others | Document cover | Included (removable) |
| | Power button | Available (rear panel of scanner) |
| Included items | AC cable, AC adapter, USB cable, USB power cable, Setup DVD-ROM, Safety Precautions | |
| Standard Warranty (included in the price of the product) | 1 Year Standard Warranty: Advance Exchange - Next Business Day | |

¹ Actual scanning speeds are affected by data transmission and software processing times.
² Two USB ports are required.
³ Geographic Limitations may apply to Service Plans and Service Levels in some countries. Please contact us for more information.

| Optional Service Plans ³ | Order by Part Number | Service Description |
|-------------------------------------|----------------------|--|
| Extended Warranty | U3-EXTW-PAS | 3 Year Extended Warranty: Advance Exchange - Next Business Day |

Advance Exchange = Replacement of the faulty scanner with a new or as new unit.
