# FUJITSU

## Data Sheet FUJITSU Desktop ESPRIMO P556/E85+

### Your Flexible and Economic PC

The FUJITSU ESPRIMO P556/E85+ Desktop provides high-quality computing for your daily office tasks. It supports attractive price points and delivers the continuity needed for daily operations. Your valuable business data is protected by the latest TPM controller and the Erasedisk option. To meet your specific hardware needs it can be either individually configured or customized.

### High performance and best price/performance ratio

Powerful and cost-effective microtower

■ 6th generation Intel<sup>®</sup> Core<sup>™</sup> processor family

### System management

The perfect answer to offload your IT administrators

DeskView Admin enhances the management of the devices in your IT infrastructure during productive operation – even during remote periods and after hours

### Made in Germany

- Outstanding quality and stable functions based on German production standards
- The development, production and functionality tests all under one roof in Germany

### Lifecycle

- Hardware continuity for long-lasting project requirements
- Managed lifecycle of up to 12 months

### Meets ENERGY STAR® requirements

- Low power consumption and low costs, without any loss in performance
- 85% energy efficient power supply

### Components

| D                           |  |
|-----------------------------|--|
| Processor                   | Intel® Core™ i7-6700 processor (4 Cores / 8 Threads, 3.40 GHz, up to 4.0 GHz, 8 MB, Intel® HD Graphics 530) *  |
